

621 West Fetterman Buffalo, WY 82834 (307) 684-2526 ext. 101

---

**MINUTES FROM THE SPECIAL MEETING  
March 8, 2017**

The meeting was called to order by Chairman Fieldgrove at 1:00 pm. Those in attendance were Virgie Watt, Priscilla Welles, Travis Rule, Allison McKenzie, Luke Todd, Ryan Fieldgrove, Zach Byram & Amanda Hulet.

The special meeting was held in regards to our current building situation. Allison gave an explanation of USDA's regulations on square footage per person in an office and that means that we have to downsize the space we are currently in. The conservation district is included in those space requirements. She also explained the process as she understands it.

Zach gave the board members options to discuss. After considerable discussion, Luke moved to rent 971 sq/ft from the current building owners at \$12.90/sq ft. followed with potential renting from another building owner 1000 to 1300 sq ft at \$10/sq ft at the other building providing there are no other bids to be considered. Travis seconded the motion. Motion carried.

We all toured the space in the current building to understand the lay out.

With nothing further to discuss, meeting was adjourned at 2:20 pm.
