**Klondike, Upper Clear Creek Paving Update**

BUFFALO. WY –The pavement overlay project on Klondike Drive and Upper Clear Creek Road is progressing on schedule. Residents and motorists can expect traffic on Klondike Drive to resume as normal by the end of Tuesday, July 13.

Paving on Upper Clear Creek Road will begin Wednesday, July 14. Pilot cars will lead traffic through the construction. Motorists on Upper Clear Creek Road should expect minimal delays and plan accordingly. The Klondike/Upper Clear Creek Intersection will be the last to be paved.

Johnson County Road and Bridge thanks the community for their patience during this project.
