

**COVID-19 November 13, 2020**  
FOR IMMEDIATE RELEASE

**JOHNSON COUNTY HEALTHCARE CENTER**

- Current inpatient census is 7 (5 are active COVID)
- Tested 102 people so far this week

**AMIE HOLT CARE CENTER**

- No residents have COVID
- Unfortunately, residents returned to isolation on 11/12/20 due to an asymptomatic direct caregiver testing positive
- Additional admissions to AHCC from the hospital are planned for next week

**CONSTRUCTION**

- The first new air handler will be installed on the clinic roof on Sunday 11/15/20
- Interior ceiling work continues throughout the building

**COMMUNITY FLU SHOTS**

- JCHC is hosting another community “**Drive-Through Flu Shot Clinic**” on **Thu Nov. 19 from 10:00AM – 2:00PM** in the **parking lot on the north side of the healthcare center**

**CDC HOLIDAY COVID GUIDELINES**

- Check community levels and status before traveling
- Consider exposure risk during travel (airports, bus stations, trains stations, public transport, gas stations and rest stops all pose greater risk)
- Location of gathering – outdoor spaces are better than indoor spaces with poor ventilation
- Duration of gathering – Avoid being within 6 feet of others for a cumulative total of 15 minutes or more
- Number and crowding of people at gathering
- Behaviors of attendees *prior to gathering*
- Behavior of attendees *at gathering*

**COMMUNITY CALL TO ARMS!**

**We implore community members to do their part to slow COVID, otherwise hospital resources will become overwhelmed. This week JCHC admitted 5 COVID patients within a 24-hr period. Community spread of the virus is exacerbating. Everyone needs to mask and social distance. Please help us maintain essential healthcare and community service agency resources.**
